Summer School 2023 - Content

Monday 24 July – Thursday 3 August

- **Discussions classes:** In class, you first discuss and practice various elements of collaborative speaking in English. You then discuss a topic together in groups. Finally, you will reflect together on how well you have done and what you can improve. You will also look at videos of native speakers, to look at the language they use.
- **Project classes:** You will work in groups on a different project related to the culture, history and heritage of Nottingham and/or the UK. You will receive input on the project topic in the form of reading texts and be given time to research your topic and gather information. Each group will present a project at the end of the course as either a poster or oral presentation. You will receive detailed feedback on your work from your teacher.
